### HANCOCK COUNTY REFUNDING BOND BILLS

**SENATE BILL NO. 335**

(As Approved by the Governor)  
AN ACT PROVIDING A METHOD  
OF REFUNDING BONDED INDEBT-  
EDNESS OF COUNTIES OPERAT-  
ING UNDER THE PROVISIONS OF  
CHAPTER 165, MISSISSIPPI CODE  
OF 1930.

Section 1. Be it enacted by the Legislature of the State of Mississippi, That the board of supervisors of any county operating under the provisions of chapter 165, code of Mississippi of 1930, is hereby authorized to refund any bonded indebtedness of such county now outstanding, payable from the sources of revenue provided by the board of supervisors of such county only after the question of the issue of said refunding bonds shall have been submitted to the qualified electors of such county at an election to be held for that purpose in said county, and only after the said issue has been authorized by a vote of three-fifths (3/5) of the qualified electors voting in an election to be ordered by the board of supervisors for that purpose, when ever any such board of supervisors shall find it necessary or advisable or in the best interest of such county so to do; provided, however, that such refunding bonds may be issued only to redeem outstanding bonds at maturity, or on any date upon which outstanding bonds may be redeemable, or upon the voluntary surrender of outstanding bonds by the owners thereof. Such refunding bonds may be sold for not less than par and accrued interest, or may be exchanged for bonds to be refunded thereby; provided, however, that the issue of such refunding bonds shall be accomplished in such manner as to avoid payment by the county of interest on the refunding bonds and on the bonds refunded thereby for the same period of time.

Section 2. Such refunding bonds shall bear such rate or rates of interest as may be determined by the board of supervisors, not exceeding, however, three and one-half per centum (3 1/2 %) per annum, payable semi-annually; shall be in such denominations or denominations and form as may be determined by the board of supervisors; shall be executed on behalf of the county by the president of the board of supervisors, countersigned by the clerk of such board, and the interest to accrue on such bonds shall be represented by coupons to be attached thereto, which may be executed by the facsimile signatures of such officers. Such refunding bonds shall mature in such amount or amounts and at such time or times, not exceeding twenty-five (25) years from date thereof, as may be specified by the board of supervisors. All such refunding bonds and interest thereon shall be payable at the office of the state treasury of the state of Mississippi in the City of Jackson, Mississippi, and a certified copy of the proceedings authorizing the issuance of such refunding bonds shall be filed in said office. The bonds issued under the provisions of this act shall in no way be construed as state obligations or state bonds.

Section 3. The fact of the issuance and delivery of refunding bonds hereunder shall be certified by the clerk of the board of supervisors to the state treasurer, who shall immediately register such bonds in a suitable bond register, and thereafter the revenues and taxes which would otherwise be paid into the county treasury of such county for the payment of road protection and seawall bonds and interest thereon under the provisions of section 6928, code of Mississippi of 1930, shall be paid by the official collecting such taxes into the state treasury on a proper receipt of the state auditor to the credit of such county for the payment of road protection and seawall bonds and interest thereon under the provisions of section 6928, code of Mississippi of 1930, shall be paid by the official collecting such taxes into the state treasury on a proper receipt of the state auditor to the credit of such county in a special fund to be designated "Interest and Sinking Fund for Road Protection and Seawall bonds of \_\_\_\_\_ County, Mississippi," which fund shall be held and shall be applied by the state treasurer in the payment of interest accruing on such refunding bonds and the principal thereof at maturity, according to law. Provided, in the event that less than all of outstanding bonds payable under the provisions of chapter 165, code of 1930, shall be refunded as herein provided, then and in that event there shall be paid into the state treasury for the credit of the aforementioned interest and sinking fund, only the proportion of the revenues and taxes as the amount of refunding bonds issued and outstanding bears to the total amount of outstanding bonds payable from the revenues

here referred to.

Section 4. The board of supervisors of any county issuing refunding bonds under the provisions of the preceding three sections shall levy an annual tax of not less than five (5) mills on each dollar of the assessed valuation of taxable property within such county for the purpose of providing funds sufficient to pay such bonds at maturity and interest thereon as it accrues. The said tax shall be levied and collected as other county taxes are levied and collected, and the proceeds thereon shall be remitted by the County tax collector to the state treasury at the time when state taxes are required by law to be remitted, and the state treasurer shall credit the amount to the interest and sinking fund referred to in the preceding section. On or before October 1st in each year, the state treasurer shall certify to the board of supervisors of each such county the amount standing to the credit of such interest and sinking fund as of September 15th of that year, and if such amount shall be sufficient (1) to pay all principal of and interest on such bonds then due and owing and (2) all principal of and interest on such refunding bonds maturing and accruing during the period of twelve months running from said September 15th, then and in that event such board of supervisors may reduce the aforesaid taxes or omit the same for the ensuing year, as such board may determine. All funds paid into the state treasury hereunder shall remain in the state treasury for the payment of principal and interest on such refunding bonds until all the principal and interest on such refunding bonds shall have been fully paid.

Section 5. The board of supervisors shall pay all lawful fees of the chancery clerk and its attorney now prescribed by law and which fees are incidental to the execution of said refunding bonds and may also pay all expenses in connection with the validation of said refunding bonds and procuring the opinion as to the validity thereof from expert bond attorney, other than the state bond attorney, of national reputation. However, in cases where the bonds to be refunded are not due or redeemable prior to maturity, such board in procuring the surrender of such outstanding bonds may except not exceeding an additional two and one-half per centum (2 1/2 %) of the principal amount of refunding bonds actually issued and delivered, but in no event shall any part of the said 2 1/2 % per cent be used in the payment of attorney's fees. All such fees and compensation shall be paid out of the interest and sinking fund applicable to the bonds to be refunded, if the amount credited to such fund be adequate therefor. Otherwise such fees and compensation shall be paid out of the proceeds of a special annual tax to be levied for that purpose by the board of supervisors upon all taxable property within such county. All expenses authorized by this act in effectuating the exchange of said bonds and the actual expenses of the state treasurer in paying principal and interest on said bonds shall be paid by the board of supervisors of the county.

Section 6. The provisions of the foregoing sections without reference to any other statute shall be deemed full and complete authority for the issuance of refunding bonds as there provided, and all powers necessary to be exercised by the board of supervisors of such counties, in order to carry out the provisions of this act, are hereby conferred.

Section 7. This act shall take effect and be in force from and after its passage.

**SENATE BILL NO. 334**  
(As Approved by the Governor)

An Act to authorize the Board of Supervisors of Hancock County, Mississippi, to issue and sell Road and Bridge Refunding Bonds of 1944 of said County in the Principal Amount of Three Hundred and Thirty-Seven Thousand Dollars (\$337,000) for the purpose of redeeming a like principal amount of outstanding Road and Bridge Refunding Bonds and Bridge Refunding Bonds of said County; and to make provision for the payment of such bonds at maturity, and the interest thereon as it accrues.

Section 1. Be it enacted by the Legislature of the State of Mississippi, that the Board of Supervisors within and for the County of Hancock, in the State of Mississippi, shall be and is hereby authorized to issue Road and Bridge Refunding Bonds of 1944 of said County in the principal amount of Three Hundred and Thirty-Seven Thousand Dollars (\$337,000) for the purpose of redeeming a like principal amount of outstanding Road and Bridge Refunding Bonds and Bridge Refunding Bonds of said County; and to make provision for the payment of such bonds at maturity, and the interest thereon as it accrues.

Section 2. Be it enacted by the Legislature of the State of Mississippi, that the Board of Supervisors within and for the County of Hancock, in the State of Mississippi, shall be and is hereby authorized to issue Road and Bridge Refunding Bonds of 1944 of said County in the principal amount of Three Hundred and Thirty-Seven Thousand Dollars (\$337,000) for the purpose of redeeming a like principal amount of outstanding Road and Bridge Refunding Bonds and Bridge Refunding Bonds of said County dated May 1, 1938, and Sixteen Thousand Dollars (\$16,000) of outstanding Road and

**Mrs. C. C. McDonald Gets Appointment**

MRS. C. C. McDONALD

Mrs. C. C. McDonald has been appointed by Governor Bailey a member of the Mississippi state board of Public Welfare.

Mrs. McDonald took her B. A. degree at Vanderbilt University, has been national treasurer and national president of her sorority Alpha Omicron Pi.

She held the office of state president of the Mississippi Congress of Parents and Teachers and served as chairman of International Relations on the board of the National Congress of Parents and Teachers.

Other members of the board are H. M. Odom, Greenwood, chairman; and Fred Ross, Meridian.

We feel that Mrs. McDonald's appointment is a wise one and that she will mean much to the cause.

Bridge Refunding Bonds of said County dated September 1, 1942.

Section 2. The said Road and Bridge Refunding Bonds of 1944 may be issued by the Board of Supervisors of Hancock County only after the question of the issuance of said Road and Bridge Refunding Bonds of 1944 shall have been submitted to the qualified electors of Hancock County at the election to be held for that purpose in said County and only after the said issue has been authorized by a majority of 3/5 of the qualified electors voting in an election to be ordered by the Board of Supervisors for that purpose. The said Road and Bridge Refunding Bonds of 1944 when issued shall bear interest at the rate or rates as may be determined by the Board of Supervisors, not exceeding, however, three and one-half per centum (3 1/2 %) per annum, payable semi-annually; shall be in such denominations or denominations and form as may be determined by the Board of Supervisors; shall be paid out of the interest and sinking fund applicable to the bonds to be refunded, if the amount credited to such fund be adequate therefor. Otherwise such fees and compensation shall be paid out of the proceeds of a special annual tax to be levied for that purpose by the board of supervisors upon all taxable property within such county. All expenses authorized by this act in effectuating the exchange of said bonds and the actual expenses of the state treasurer in paying principal and interest on said bonds shall be paid by the board of supervisors of the county.

Section 3. The said Road and Bridge Refunding Bonds of 1944 shall

### RED CROSS QUOTA TOPPED

Public Does Excellent Job  
In Donating and Helping  
To Raise Funds

Mrs. Roger Bohr, county chairman of the Red Cross War Fund Drive, and Mrs. George R. Rea, city chairman, announced the closing of the drive with a total of \$98,000, which is \$500 in excess of the \$9300 quota for this county.

But this was not unexpected as Hancock County always arises to occasions to meet any and all demands made upon her and certainly this was a huge task given the county and was well done.

Despite the fact of restricted transportation and scattered communities, praise must be given the rural sections for their splendid work and for the generous returns. Because it is less convenient in rural towns to reach the people and because there are less ways of raising money, it is felt that a very good job has been done.

Those heading the drive marvel at the unstinted service of the men and women of the county in work they have done. The results speak for themselves. The leaders also had the support of every civic organization in the county, both white and colored.

To all who gave so generously of their time and money goes the credit for the county having exceeded its quota.

Then too there are the organizations, the Garden Club, Junior Red Cross, Rotary Club, Woman's Society of Christian Service, Central School P.T.A., the schools both white and colored, private and public, the Negro organizations where splendid work was done, and the individuals who gave of their time and money to put over this large quota. There was the mammoth Fair and the auction which added so greatly to the fund.

No one person could be singled out as to their work, but the fact that the drive exceeded its quota is evidence sufficient that a band of brave men and women went forth to conquer and returned tired and weary but victorious.

### LOCAL THEATRES ADD NEW TAXES

Due to the new Federal Tax Laws and the big increase in film rental and other expenses, it became necessary for the A. & G. and Orte's theatres to add a minor increase in admission prices.

These two theatres have held their prices the same for a long time and have tried always to give the public fine entertainment at low prices.

The management from both theatres regret the necessity of the small advance in admissions but due to the present circumstances, there is no alternative. However, both managers will attempt to obtain the very best pictures as early as possible for exhibition in Bay St. Louis. The new prices are: Adults: 25c, 3c State tax, 5c Federal tax, Total 33c. In an attempt to cooperate with the children in this community, the prices will remain the same 10c to all children under 12 years of age. These prices prevail throughout the entire year.

Above prices meet with approval of the O.P.A.

### AUCTION SALE HELPS SWELL RED CROSS QUOTA

With bright colored uniforms flashing here and there and gay music by the two high school bands the auction for the Red Cross War Fund opened at 7:30 p. m. on Saturday with practically all of Bay St. Louis out to buy—and did they buy?

Prices, regardless of ceiling prices and O.P.A., soared and hit the sky when 5 onions sold for \$2.50 and 2 pounds of butter brought \$3.00.

City Commissioner H. Grady Perkins gathered momentum after those sales and went after big results and got them. Excitement was at its zenith when husbands were bidding against their wives and sisters against each other and a 79 cent cracker jar brought over \$2.00.

One of the lady promoters of the auction opened the bid on the live pig with \$8 thinking to run it up but she got the pig, squeal and all. Nothing daunted she opened the bid on an antique chair she wanted at \$10 and the voice from somewhere in the crowd was heard when a prominent business bid \$15 and found he was bidding against his wife. The chair went to \$37, and that let them out.

"Tony" found himself with six dozen eggs when he thought he was bidding on two but being a good citizen he had run the price way up at that. It is whispered that "Tony" has gone into the egg business.

One faithful Red Cross worker had given a new salad bowl which cost \$5 and when the bidding stopped at \$1.50 she bought it herself and said she would donate it another time.

Prizes began to drop a little when two sailors bought a gallon of Claret for \$1 and then the fun began when they could not agree on who owned the wine, the one who bid the \$1 or the one who paid it.

A sailor named Johnny took the stand and then the two young ladies sisters—were bidding hot against each other but that may have been because they wanted to make a good impression. If that was the reason they paid pretty high for the impression but they said "Johnny" was clever they did not mind.

The hot coffee, doughnuts and hot dogs stand had its place because there is nothing more comforting than hot coffee, doughnuts and hot dogs when you have found you only have the price of these after you have bought a few things at auction prices.

But they were delicious and kept those behind the counter working hard.

Aside from hilarity there was a deeper side to the auction because it netted \$600 for the Red Cross War Fund which helped in a big way to put the drive \$500 in excess of its quota. And the promoters of the auction were brave soldiers and spared themselves nothing to put the auction over. They worked early and late and made a success which even they did not expect.

And thus is found on all occasions workers who never go half way in what they undertake but get their two miles without looking back.

BAY HIGH BAND GIVES  
PUBLIC CONCERT LAST  
SUNDAY AFTERNOON

Marches Featured and Solos  
Included in Program

G. F. Rooney, Bay High Band Director, presented the school band in a public concert on Sunday afternoon which was one of the best concerts yet given by the band.

The marches given in the program were "Sousa's Stars and Stripes Forever" and "Manhattan Beach," "The Thunderer," "Alford's Colored Booy March," "Laurendeau's "Thunder and Manhatten Beach."

John Dupquier baritone, took the solo part in "The Sound From the Hudson" by Herbert Clark and did it with fine technique and won loud applause. Mr. Rooney presented Ben Bennett as his Oboe player.

In the audience were Brother Romuald, director of music at St. Stanislaus and J. Stanley Arnold, band director Gulfport High. Mr. Rooney extended to both the courtesy of directing a number. Brother Romuald directed "The Thunderer" and Mr. Arnold directed "Manhattan Beach."

The overtures were Holmes' "Diane" King's "Princess of India" and "Omar Khayam" and Olivieri's "Ponce de Leon."

Three of the numbers, "Ponce de Leon," "Omar Khayam" and "Colored Booy" will be played by the Bay High Band at the State Contest to be held at Biloxi on April 29.

This concert won much praise for those taking part and for Mr. Rooney for his instruction and those fortunate enough to be present enjoyed a well rendered program.

### WE WERE WRONG

IT is easy to offer criticism and condemn individuals, particularly men holding office, and many are the times we are wrong. We have on a number of occasions criticized a man who served as governor of this state, a man who in the last election offered his services to the people of his county as representative and was elected without opposition, a man who condescended to step down from governor to legislator, and in so doing, he rendered a service to both the people of his county and to his state.

We differed in opinion from this man many times in many matters, particularly in politics. Undoubtedly we did not know the man. We pictured him as a rich, arrogant individual who did not know the needs of the poor people of this state.

This belief was completely erased from our mind when in the closing days of the last legislative session a bill was up for passage which would have placed the South Mississippi Charity Hospital at Laurel under the authorities of the City of Laurel and of Jones County, and which would have effected the admittance of charity patients in this hospital.

We were present at the time of the discussion of this bill. Several legislators from South Mississippi arose to speak against the passage of the Act and among them was the Hon. Hugh White, member of the House of Representatives from Marion County, and former Governor of this state. He completely annihilated the forces that attempted to transfer the control of this hospital, and at the conclusion of his speech, the House overwhelmingly defeated this bill.

He stated that for eleven weeks he lay on a bed in a hospital at the point of death, with doctors and nurses at his beck and call, and how he who had all of the necessities of life was able to have all of the care that medical science could offer him; how he had suffered and how the thoughts ran through his mind at that time of the numbers of poor people throughout his state who did not have and could not secure the medical aid that was necessary for them. It was then that he pledged himself to devote his time and energy to aid and assist the poor people of his state to secure medical aid and hospitalization. After listening to his talk, we were convinced that Hugh White's heart was as big as his body. In fact, we had to applaud him, for when he spoke of aiding and assisting the poor unfortunate who were not able to take care of themselves, he was speaking of one of the things that is nearest and dearest to our heart.

Even though there was a strained relationship between us, we could not refrain from seeking the man out and extending to him our congratulations for the part that he had taken in maintaining for the people of South Mississippi their charity hospital. Undoubtedly this bill would have been an opening wedge to finally destroy every charity hospital in the state.

From now out, it is going to be necessary for some real facts to be presented to us to convince us that the State of Mississippi does not need more men of the type of Hugh White. Men who have a spark of human kindness kindled in their hearts. We were wrong in our opinion of this man and we do not hesitate to acknowledge it.

### HEARD THE "VOICE OF GOD"

NOTHING is more dangerous to the development of mankind than the ignorant fanatic who presumes to speak the "voice of God." The virtues of religion are wasted upon an incompetent mind, as the following story will reveal:

In Los Angeles, Calif., the other day, a 64-year-old woman killed her mother, 87-years-old because she "was possessed of the devil." The younger woman had been earlier reported in "mental disorder" by her mother.

The killer told policemen that she killed her mother because "I saw the devil in her and the Lord told me to kill her." Consequently, while feeding the older woman, she hit her bed-ridden parent, first with her hands, then with a stick and finally, when the "twinkle" returned to her mother's eyes, she wound a piece of cloth around her neck and strangled her.

Of course, the Los Angeles killer was insane but there are devout people, who count themselves heavily on the Lord's side, and mistake every twinkle in anybody's eyes as a sure sign of the devil's presence. While they rarely go to the extreme of murder, they exert various pressures under the impression that they are obeying orders from the All High.

### ALCOHOLIC EDUCATION

THE State of South Carolina has created the Office of Supervision or of Alcoholic Education. The duties of the official will be to teach the harmful effects of drinking alcoholic beverages to the pupils of the schools of the State, both white and Negro.

The material used will include charts and data, text books, pamphlets, reports, etc., furnished by the anti-alcohol organizations, government reports and state information services, as well as by liquor manufacturers who realize the importance of protecting the youth of the land from the menace of their product.

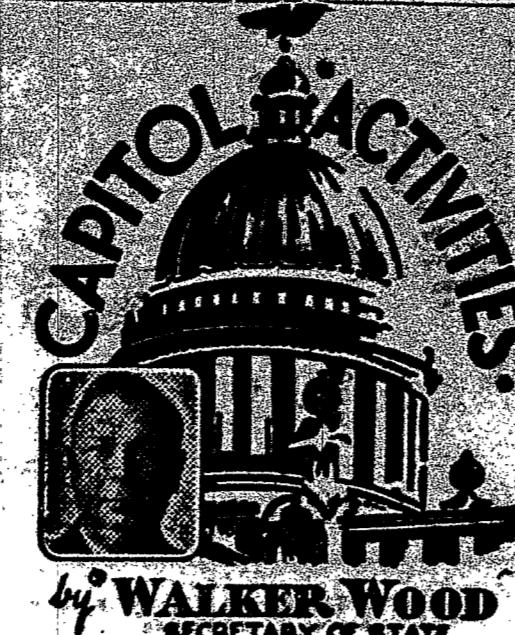

It is entirely proper that the school children of a state be advised in their youth as to the dangers of strong drink. If the program is effective it will accomplish much more, in our opinion, than the hysterical effort to promote prohibition by law.

The boys at the front deserve all-out support at home, see that they get it.

The Japanese know now that it is easier to start a war than to end one.

Every human being is religious by nature, which is the best recommendation of human beings.

After all the talk about planes, tanks and rocket guns it begins to look like the ground soldier will determine the outcome of the war.

Democratic Convention

Hon. Herbert Holmes, Chairman of the Mississippi Democratic Executive Committee, announces the State Democratic Convention will be held in Jackson on June 1. He also announces that a preliminary meeting of the Executive Committee will be held in the House of Representatives at the New Capitol on April 6. This preliminary meeting of the Executive Committee will be to study plans for holding local and county convention and to study changes in state election laws. At the State Convention delegates to the National Convention will be elected.

Teacher Retirement

The 1944 legislature appropriated \$200,000 to defray expenses of the Teacher Retirement laws, which was also passed at this session of the state lawmakers. Of the total amount appropriated \$10,000 will be used for maintenance and operation of the system, and the \$190,000 remainder will be used to pay teachers Retirement annuities.

Negro Reformatory

An appropriation has been passed of \$100,000 to erect buildings for a negro juvenile reformatory to be established on the Oakley state farm. There was some opposition to the proposed site of this reformatory, but the law finally passed location.

American Legion

The American Legion Executive Committee met in Jackson recently and set the date for the 1944 State American Legion Convention as July 10-12 in Jackson. This is one of the largest conventions to be held in Jackson during 1944.

Absentee Voter Law

Mississippi has passed absentee voter laws that will enable persons in the armed services not only to vote in primary elections, but general elections as well. President Roosevelt has been studying the rules from the Governors of the 48 states in regard to the Soldiers' vote passed by Congress. The President had until March 31 to sign, veto, or let the bill become a law without his signature.

Mississippi Blue Book

Walker Wood, Secretary of State, in addition to directing the routine business of his department, the added work that the meeting of the legislature put upon his department, during the past few days has been busy reading final proofs, of and making up an index for the 1941-1943 edition of the Mississippi Blue Book, which should begin rolling off the presses and out of the bindery, in the next week or ten days.

Sickness in the Secretary of State's Department, and shortage of labor in the printing establishment of the publishing contractor has delayed the issuance of the Blue Book somewhat, but when it does appear, it will be the best edition yet published, as several new features have been added by Mr. Wood.

Oil Sand 200 Feet Thick

According to State Oil and Gas Supervisor, H. M. Morse, an oil sand 200 feet thick has been found in Jasper County. An oil sand 20 feet thick is considered a good oil sand, according to Mr. Morse, and a 200 foot sand has caused such an oil boom in Jasper and surrounding counties that oil leases that usually bring around \$4 per acre are now bringing around \$400 per acre.

Sorghum Syrup

Mississippi produces nearly one-fifth of the entire crop of this syrup in the United States. According to experiments made in the state, there are five varieties that can be produced advantageously in Mississippi, viz: Honey, Hodo, Iceberg, White African and Sugar Drip.

Kudzu, Oriental Legume

J. D. Monette, acting chief State Highway Engineer, states that Kudzu, a perennial oriental legume, is being used in Mississippi on highway embankments. The runners of this grass grow from 20 to 50 ft. in a single season, requires no replanting and requires no maintenance except mowing. Approximately 347 miles of highway embankments have thus far been planted in Mississippi.

Scroll Presented to Governor

On April 3rd, at the Governor's Mansion, Governor Thomas L. Band, when "Riding High" makes its debut.

According to all reports, "Riding High" is one of the merriest musicals ever made a whiz-bang of a Western, glorified with gorgeous girls, peppy tunes, eye-filling costumes all that and Technicolor, too!

It tells the hilarious story of Victor Moore, a counterfeiter, who tries to elude Sheriff Gil Lamb and play Cupid to Dottie and Dick Powell at the same time.

"Riding High" is said to be in the spirit of recent Paramount big-time comedy musicals like "Star Spangled Rhythm," "Happy Go Lucky" and the famous "Road" pictures.

Ninety-six cents out of every dollar goes for War expenditures. The other four cents goes for Government expenses "as usual."

How to make a  
real post-war plan

Sure's a lot of talk going around nowadays about post-war planning...folks passing resolutions...statesmen holding conferences...governments making promises to each other.

But as Bert Childers says: "What good is all this drawing up of plans unless each one of us decides to make his corner of the world a better place to live in?"

From where I sit, Bert's put the problem in a nutshell. Governments can pass all the resolutions and make all the treaties

ORTTE THEATER  
SUNDAY-MONDAY  
"GIRL CRAZY"

With Mickey Rooney, Judy Garland and Gil Stratton, "Rags" Ragland, Nancy Walker, Robert E. Strickland, June Allyson, Guy Kibbee and Tommy Dorsey and His Orchestra

Mickey Rooney and Judy Garland are teamed together for the eighth time in Metro-Goldwyn-Mayers' lifting filmization of the smash Broadway hit of a few seasons ago, "Girl Crazy" to play at Ortte Theatre Sunday and Monday.

The original Gershwin score is retained and played by none other than Tommy Dorsey and his band. Judy sings the favorites "Bidin' My Time" and "Embraceable You" among many others, and dances two production numbers, proving the young singer is fast becoming one of the best dancers today.

It's Mickey Rooney's fondness for night clubbing and girls that causes his father to send him to Cody College in Arizona, in the hope Mickey will reform. Mickey arrives in Arizona to discover Ginger Gray, played by Judy, granddaughter of the dean, is the only girl at the school. He falls in love with her promptly, but Judy wants nothing to do with the tenderfoot quitter. Mickey shows his true character when he decides to stick it out, and Judy relents. When the school is about to be closed for lack of enrollment, Mickey plans a rodeo carnival. The publicity brings in an avalanche of new applications. Cody College is saved and both Mickey and Judy are happy.

## Four Newcomers

Several young newcomers are introduced for the first time to support the Garland-Rooney team. They are June Allyson, Gil Stratton, Nancy Walker and Robert A. Strickland, all of the Broadway stage.

## NOTICE TO THE ELECTORS OF THE DEMOCRATIC PARTY RESIDING WITHIN THE LIMITS OF THE CITY OF BAY SAINT LOUIS, MISSISSIPPI.

WHEREAS, there has been filed with me, the undersigned Chairman of the Hancock County Executive Committee of the Democratic Party, a petition signed by more than five (5) members of the Democratic Party residing within the limits of the City of Bay Saint Louis, petitioning a Mass Meeting to be held on the second floor of the City Hall in said City on the 29th day of April, 1944, at eleven o'clock A. M., for the purpose of electing a Temporary Democratic Executive Committee for said City, which Committee shall act and do all things necessary for the purpose of electing a Mayor and two Commissioners of said City, all as provided for by law:

NOW THEREFORE, BE IT HEREBY ORDERED that a Mass Meeting is called for the Members of the Democratic Party residing within the limits of the City of Bay Saint Louis, Hancock County, Mississippi, to be held on the second floor of the City Hall or said City at eleven o'clock A. M. on the 29th day of April, 1944, for the purpose of electing a Temporary Democratic Municipal Executive Committee for said City, which Committee shall act and do all things necessary for the purpose of electing a Mayor and two Commissioners of said City, as provided for by law, it appearing in said petition that there is no Democratic Executive Committee of said City.

BE IT FURTHER ORDERED that this notice be published in the Sea Coast Echo, a Newspaper published in the City of Bay Saint Louis and having a general circulation within the limits of the said City, for three (3) weeks as provided for by law.

Ordered this the 3rd day of April, A. D. 1944.

(SEAL) A. G. FAVRE, Clerk.

## WAR RATION BOARD COLUMN

PROCESSED FOODS: Blue stamps A8 through K8 (Book No. 4) valid indefinitely at 10 points each, for use with tokens.

MEATS AND FATS: Red stamps A8 through J8 (Book No. 4) valid indefinitely at 10 points each, for use with tokens. Red stamp K8, M8, N8 become valid April 9.

SUGAR: Sugar stamp No. 30 (Book No. 4) good for five pounds indefinitely. Sugar stamp No. 31 (Book No. 4) good for five pounds indefinitely.

CANNING SUGAR: Sugar Stamp No. 40 (Book No. 4) good for five pounds of canning sugar until February 28, 1945. (Apply to local Board for supplemented canning rates.)

SHOES: Stamp No. 18 (Book No. 1) expires April 30. Airplane Stamp No. 1 (Book No. 3) valid indefinitely. Another shoe stamp yet to be designated, will become valid May 1.

GASOLINE: A-11 Coupons now valid, expire June 21. (Good for 3 gallons each.)

## Expiration Dates Removed

Major relief for the nation's retailers from the burdens of food rationing was announced by OPA, which directed the removal of expiration dates from red and blue stamps, used for buying meats, fats, oils and processed fruits and vegetables.

OPA said most housewives, too, will benefit from this change. It was explained that the difficulty of keeping track of overlapping expiration dates and of waiting to check out in food stores will be eliminated.

From now on, the red and blue stamps in War Ration Book Four will be good indefinitely, just as sugar and shoe stamps are. Advance notice will be given if it is necessary to retire any food stamps.

The introduction of tokens as the small change of rationing has made it possible to remove the expiration dates on stamps, OPA said. There will be no change in the rate at which stamps become good. Housewives may continue to budget their family purchases of rationed foods on the basis of three red stamps (worth 30 points) every second Sunday, and five blue stamps (worth 50 points) the first of every month.

## Meat Point Value About Same

New meat ration point values now in effect are virtually unchanged from March, OPA has announced.

All popular fresh cuts of beef, pork, veal and mutton continue at the values set for March.

Likewise, the point values of butter remains at 18 points. Shortening, and salad and cooking oils are both reduced one point to four points per pound.

Cream, neuchatel and creamed cottage cheese are increased 2 points to 12 points per pound.

Lard will remain at zero point and margarine remains at 6 points per pound.

Main exception to the general maintenance of March points is meats packed in tin or glass containers and ready-to-eat meats. Many of these items are reduced one and two points.

In the canned fish category, mackerel and sardines are reduced four points to 8 points per pound. Other minor changes include a reduction of one point in lamb and mutton variety meats, and a cut to zero in points in the value of pork spare ribs.

Sausage points remain at the same level as recently announced.

## Frozen Items Removed

Point values of all frozen fruits and vegetables, accounting for about 6 per cent of all rationed processed foods, will be at zero for the period of April 2 through April 29, OPA announced.

Other important point value adjustments include the reduction of canned peas and pea and plum jams to zero. Small containers of tomato juice (14 ounces and under) were reduced to one point each. Minor adjustments were made for some larger containers of tomato juice and soups.

With the exception of frozen fruits and vegetables and canned peas, it will be found that most point values for rationed processed foods are unchanged. Canned fruits remain at old levels while most canned vegetables will continue to be point bargains.

## IRVING BERLIN'S 'ARMY' AT A. &amp; G. THEATRE THURSDAY-FRIDAY, APRIL 13-14

Movie Version of "This Is The Army" Starts Engagement

Irving Berlin's "This Is The Army" which successfully stormed city after city in its original stage version, comes to the screen of the A. & G. Theatre Thursday and Friday, April 13-14, in its Warner Bros. Technicolor production. The picture will be a happy invasion of the hearts of America by its stalwart and talented sons in the service.

Hollywood is richly represented by among others, Geo. Murphy, Joan Leslie, Lieutenant Ronald Reagan, George Tobias, Alan Hale, Charles Butterworth and Una Merkel.

Radio's great star, Kate Smith, sings the beloved hymn, "God Bless America," which she introduced to

the nation over the air waves. Frances Langford puts over the new Berlin number "What Does He Look Like" while Gertrude Neisen sings some of the composer's World War I tunes.

Receives Second Award  
In England

An Eighth AAF Fighter Station, England—Second Lieutenant Ernest E. Russell, of Bay St. Louis, Mississippi, has been awarded two Oak Leaf Clusters to his Air Medal for "Meritorious service in aerial flight in the completion of twenty operational sorties over enemy occupied Continental Europe." The Mississippi fighter-pilot had been previously awarded the Air Medal in December, 1943.

A veteran flier with one of the oldest and largest Thunderbolt P-47 fighter groups over here in England, Lt. Russell received the Clusters from his group commander, Colonel James J. Stone, Jr. of Westfield, New Jersey, during a recent ceremony held on their Eighth Fighter Command base.

The group Lt. Russell is with has been flying operationally against the German Luftwaffe since early in April, 1943. They have completed over 140 sorties against the most heavily defended area in the world—comprising all of France, Germany and a large section of occupied Europe, in the so-called "Big Leagues" of aerial warfare.

Lt. Russell's group has destroyed over 100 German aircraft since it began combat operations in this theatre of war.

Mainly the group's role has been an escort one. They have taken the hard-hitting Flying Fortresses and Liberators deep into the German Reich, protected the bombers while right over the target, and then brought the B-17's and B-24's all the way back to their English bases. Recently the group has gone out as "dive bombers" and has plastered airfields in France with 500 pound bombs. Their seven-ton Thunderbolt fighting plane, the world's largest single-engined fighter and, additionally, having the greatest firepower with its eight fifty-calibre machine guns, has proven itself at all altitudes against the best planes the Axis has over there.

Lt. Russell, 21, attended Bay High

## RECEIVE NEWS FROM SON WHO IS PRISONER OF WAR

Mr. and Mrs. Charles Ruffin of Logtown are in receipt of the following letter from their son, PFC Willie Ruffin, who is a prisoner of war in Germany:

"Hello Mother & Dad:

There was a proud fellow in the compound this week. I received my first letter from you. The first I had heard from you in about 8 months. I was sure glad all was well. As for me, I am just fine. I also received the package and cigarettes. Thanks a million. I sure needed them.

The Red Cross has been very kind to us. They have sent us clothes and shoes. Each man also receives a food package from the Red Cross each week. I am surely glad Hazel and Gladys are doing well. Write and tell me of the news. How are all of the folks in the flats? I will stop for this time. Answer real soon.

God keep you safe for me, please!

Love,  
Bill"

Mr. and Mrs. Ruffin had not heard from their boy for many months after he was reported a prisoner. Later a letter came and some packages were sent to him, and finally this letter arrived telling them that he had received some of the things that they had sent. It was indeed, a happy moment for the parents of this boy when they received news from him.

We sincerely hope that his prayer will be answered and that God will preserve and protect his good father and mother until such time as this boy is able to return to them.

## Which one started the most fires?

**BELIEVE IT OR NOT, more forest fires were started last summer by patriotic Americans like you than by arsonists, lightning, or any other single cause!**

## WE CAN'T LET IT HAPPEN THIS SEASON

Yes, it's true—tragically true. A savage menace to our country's forests is . . . the average, outdoor-loving, patriotic American.

A man like you.

He doesn't mean to start a fire, naturally. He just forgets. Forgets to put out his cigarette, his match, his campfire.

He forgot last year to the crackle of 170,000 forest fires.

But this season, if you thoughtlessly flip a lighted butt from a car or wander away from a campfire you "think" is out, your forest fire may sabotage the war effort by—

1. Destroying millions of feet of timber when we need every tree.

2. Laying huge watersheds bare when we need green ones most.

3. Calling for millions of man-hours that are needed to produce food, planes, tanks, and ships.

With two million former fire fighters at the front, with enemy sabotage always possible, we know you WANT to help.

## THIS IS WHAT YOU CAN DO NOW

FIRST, read carefully the Forest Fire Prevention Creed printed here.

SECOND, mention this advertisement to at least three of your friends.

## — Sponsored By —

.... Hancock County Board Of Supervisors....

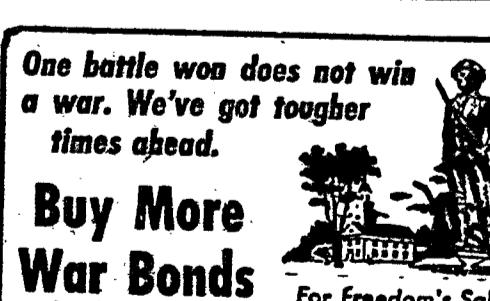

## THE FOREST FIRE PREVENTION CREED

- I Will smoke in the woods ONLY while halted in a safe place, completely cleared of dry or inflammable material.
- I Will break all burned matches in two before I throw them away, and WILL NEVER throw pipe tobacco, cigar butts, or cigarette stubs into brush, leaves, or pine needles.
- I Will scrape away all inflammable material before building a campfire, then build it in a hole dug in the center of this cleared space.
- I Will put out campfires before I leave—stir the coals while soaking them with water; wet the ground around the fire; make certain the last spark is dead.
- I Will Never burn brush in windy weather, or without plenty of help.
- I Will put out any small fires I find, or report them AT ONCE by phoning the Ranger or Fire Warden.
- I Will remember that a burning match, a glowing cigarette, or a smoldering campfire can be just as dangerous as an incendiary bomb . . . that careless matches aid the Axis.

## Members of Farmers' Cooperative Association Holds Informal Meeting

An informal meeting of the members of the Farmers' Cooperative Association Board of directors and interested citizens of Bay St. Louis was held Thursday to discuss the future of dairying for Hancock County. Among the visitors present were H. O. Pate, president of New Orleans Bank for Cooperatives; J. H. ## Fire Practically Destroys Waveland Home

Fire practically destroyed the summer home of the Sam Keen's on Saturday of last week at 1:30 p. m. The home had been occupied by Mr. and Mrs. Ralph Merrill of Massachusetts for the winter months and the Keen's had notified them that they would be coming out from New Orleans earlier this season due to Mr. Keen's health and the Merrill's had taken the Gerald Price home here and were moving their household effects there. Mr. Merrill was at the Bay St. Louis place and Mrs. Merrill was alone at the Keen's house when she discovered smoke in the bathroom. She attempted to extinguish the blaze but the fire had gotten under way. She called for help and a neighbor turned in the alarm and the Bay St. Louis fire department was soon on the scene and was able to get the fire under control with no damage to further than the room and garret. The Hancock

county Gumery and Bombing range fire equipment was on hand also and assisted in a great way in helping quench the fire in the little time because there was danger of it spreading to other homes near by.

As usual the Bay St. Louis fire department was there with no loss of time and did splendid work.

Most of the household effects were saved it was said and the loss is estimated at about \$1500.

The Keen's have had the misfortune of losing their home several years ago and had rebuilt on the grounds. We are extending our regrets at the loss they have sustained.

## Stake YOUR Claim NOW with War Bonds

It took a lot of grit for a man and wife to stow their children into a prairie schooner with a few bare necessities and fight it out with all the hardships the frontier had to offer. Yet, these self-reliant pioneers proved their ability to win the finest reward a family can have—security in a land of growing opportunities.

Today, solid citizens are staking their claim

in America's future by buying and keeping War Bonds. They know Bonds help to win battle after battle. They know, too, that Bonds will provide security and opportunity for personal initiative when war-supported activity ceases.

Do you know of anything that offers you as much for your money as a War Bond?
